## Sagefield Entrance Sign

**SAGEFIELD ENTRANCE SIGN**

We are pleased to inform you that the Sagefield Crime Prevention and Improvement District Board is in the final stages of approving the right landscaper to beautify our Sagefield entrance sign. The selected design will feature a beautiful array of flowers and bushes, enhancing the aesthetic appeal of our community.

I have added some sample pictures from the landscapers, but it's important to note that these are not final. Your input is valuable to us. If you have any questions or ideas, we invite you to share them. Let's make this decision together! Come to the next meeting and share your thoughts.

Once approved, we anticipate starting the landscaping work in the spring of 2025. We are excited about this project and believe it will significantly improve the entrance to our neighborhood.

Thank you for your continued support and patience as we work to make Sagefield an even more beautiful place to live.

## ARCHITECTURAL CONTROL

As homes in our subdivision age, the need for maintenance becomes increasingly necessary. The Sagefield Homeowners Association Board and the Architectural Control Committee (ACC) are here to support and guide homeowners on the best ways to handle these maintenance tasks. Every homeowner should have a copy of the Sagefield Subdivision Restrictions. If you need a copy, you can find it on the sagefield website [sagefieldhoa.com](http://sagefieldhoa.com).

The goal of a restricted subdivision is to maximize property values for Sagefield residents. This means homeowners must follow specific guidelines. These restrictions have been proven effective over time and address common issues found in non-restricted subdivisions..

**Organization**

**Our Motto**  
**"Uniting for Safety, Thriving Together:**  
**Sagefield Crime Prevention and Improvement District"**

The **Sagefield Crime Prevention and Improvement District** (SCPID) serves a vital role in our community. Its primary responsibilities include:

1. **Crime Prevention:** The district aims to enhance safety by increasing the presence of law enforcement personnel within the Sagefield area. By doing so, it contributes to the security and well-being of district residents.
2. **Beautification and Improvements:** Beyond crime prevention, the SCPID focuses on enhancing the overall quality of life in the neighborhood. It allocates resources for beautification projects and other improvements within the district. These efforts contribute to keeping our community beautiful and vibrant.
3. **Governance:** The SCPID operates under a seven-member board of commissioners, representing various stakeholders such as the Sagefield Homeowners Association, local legislators, and other relevant authorities. This governance structure ensures effective decision-making and community representation.
